

## PRESS RELEASE

### **Banca del Sempione and its clients making a difference: the Green Account rewards social commitment in Ticino**

---

Fondazione ASPI (Aid, Support and Protection of Childhood), Cani da Terapia Ticino e Moesano Association and SPIPED Association are the three organizations most voted by our clients who, in 2024, chose our Private Green Solution.

This initiative combines ESG-conscious wealth management with a tangible impact on the local community. As part of this commitment, each year, a portion of the revenues generated by these accounts is allocated to local associations engaged in socially beneficial activities.

Fully aware of our social responsibility, we are proud to renew our commitment to this project for the years to come.
